Locating the MAC/Physical Address of a Wii U

**IMPORTANT**: The Wii U is not compatible with Hofstra’s wireless network. A Wii USB Ethernet adapter is required for multiplayer gaming on campus.

**Step 1**: On the Wii U Gamepad, tap the **Setup** icon.

**Step 2**: Tap **Internet**.

**Step 3**: Tap **View MAC Address**.

**Step 4**: Make a note of the Wii LAN Adapter (wired) MAC/Physical address.
