Training and Certifications

Hofstra University offers current students, faculty and staff training on various topics including:

- Classroom technology (crestron, podiums, projectors, audio/video, etc.)
- Blackboard
- Microsoft Office (Word, Excel, PowerPoint, Access, Publisher)
- Most software found in the open access labs (SPSS, ArcGIS, etc.)

Use the links on the left hand side to learn more about the training and certification opportunities we offer and how to sign up for them.

If you are interested in having us create a training workshop tailored to group or department, let us know by emailing us at edtech@hofstra.edu.
