Overview

There are a few ways to check your final grades. If you don't see your grades through one method double check by using another. If you check all three methods and don't see any grades and at least one professor has told you they posted a grade, please contact the Student Technical Support Center for additional assistance.

When will my final grades be posted?

Undergraduate and graduate students

Faculty must submit grades as soon as possible from the time the final examination is given, but in any event, no later than December 29 for the fall semester, and the first Friday after graduation for the spring semester. If you don't see a grade posted in that time frame reach out to your professor for assistance.

Viewing final grades from the My Courses section of the Portal
