Print Credit Distribution (PridePrint)

Students registered for the fall semester are provided with 120 print credits for the full academic year (beginning of fall through the end of summer). Unused print credits expire at the end of the academic year, mid to late summer depending on major. See the 2021-2022 print credit refresh schedule below. Students will be charged no more than .10 print credits per page at black and white printers and no more than 1.00 print credits per page at color printers on campus. To encourage conservation of resources, the university offers double-sided printing at no additional cost.
